Career Services

- DISCOVER YOUR PURPOSE -

Students with career goals within their first year of college are 50% more likely to complete.

- Community College Completion Study, CCRC

MISSION STATEMENT

North Idaho College Career Services provides high quality, responsive career counseling, resources, and education to students, prospective students, and alumni, to help ensure that their education is purposeful, to assist them in choosing and achieving meaningful career and life goals, and to increase their lifelong opportunities for success.

Career Services at North Idaho College adheres to the [National Career Development Association Code of Ethics](#), which are compatible with the [American Counseling Association Code of Ethics](#), with profession-specific guidelines for career counselors.

A variety of resources are offered for you in Career Services here at North Idaho College. These services are designed to help you discover the career that is just right for you.

Learn about your interests, abilities and skills, values, personality, and preferred job characteristics. Then receive help exploring the vast array of career information.

We are here to help you choose the services that meet your needs.

Learn the Skills to Achieve Your Highest Goals

- Jacqueline Carter, student

"Being a 45-year-old single dad, made me believe coming back to college to change careers was impossible, until I walked into the Career Center. I kept hearing people tell me it's never too late. Well, 'it's never too late.' I totally believe that now. Thank you to all the wonderful people I have come into contact with in the Career Center."

- Scott Widener, student

- Alex Jensen, student

"I had attended NIC for two years before I came to the conclusion that I really didn't know what type of degree or career I really wanted to do. I had already eliminated some majors through trial and error, but I needed additional help. I went into Career Services not knowing what to expect, but I quickly found out that it was more than I had even hoped for. The staff is friendly, their insights are valuable, and they come equipped with a plethora of resources. And now, because of the aid of Career Services, with a special thanks to Gail Laferriere, I not only know more solidly what I want to do (I'm going for a degree in psychology), but I also know where to find the best colleges for my degree. NIC Career Services really does encourage you to 'Reach for the Stars.'"

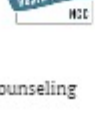

"While attending North Idaho College I was determined to make use of all the resources available to me. By far the most useful was the Career Services Center. Even though I knew I wanted a degree in communications, I wasn't exactly sure how I wanted to put that degree to use. In other words, I still didn't know what I wanted to be when I grew up. Gail Laferriere is an amazing counselor who gave me the tools to explore and discover how to channel my passion for helping others. Now I have a successful career myself as a workforce consultant for the state of Idaho."

- Stacey Hanlon, NIC alum
